

**Monday 6<sup>th</sup> November 2017**

**L.O: To write a recount based on the British Museum**

## **Our trip to the British Museum**

**On Thursday the 2<sup>nd</sup> of November 2017 Years 5 and 6 from Ladbrooke School went to the British Museum to learn more about their topic – Ancient Egyptians.**

**I was in Miss Edgar’s group. Due to the traffic, we arrived late. First we visited the Rosetta Stone. It was disappointingly smaller than I thought it was, but at least we could get through the crowds easily! In the same room there were numerous statues, all carved by the ancient Egyptians, and even part of the Sphinx’s beard!**

**We then travelled upstairs to see artefacts and mummies. The mummies ranged from in coffins to even without a face mask! For some reason (knowing the average height and width of a human) I expected them to be larger. There was mummified everything – human, cat, crocodile, beetle...**

**After that, we headed back downstairs to the education centre where Miss Edgar gave us Percy Pig sweets. When everyone had arrived, we watched a presentation – which was about half an hour long – about daily ancient Egyptian life. We learnt how paintings can tell us lots of information.**

**I had a brilliant day altogether, even though we spent nearly the same time on the coach as in the museum.
