English

This term, we will be continuing our writing skills by working through different genres— Persuasive, Formal/Informal letters, Narrative and Recounts.

The children will continue to work on their comprehension skills by readings a range of extracts from different KS2 and KS3 texts to support their transition to secondary school.

Maths

In Maths this term, we will be focussing on Properties of shapes, including angles and Statistics. We will be revising all units covered this year in the run up to the SATs.

We will then move on to investigative maths and transitional activities ready for Key Stage 3.

PE

PE continues to be on a **Wednesday** afternoon with Mr Palmer where the children will be concentrating on Games. PE with Mrs Romain will be on **Thursday**, where we will focus on Gymnastics and Games

Art & DT

Children will be:

- Improving their drawing techniques, including line, pattern and colour
- Expressing their own ideas through collage
- Finding out about some of the great artists in

History

Children will be:

- Researching and comparing the impact of the first and second World Wars on our locality.
- Concentrating on the Home Front and how the wars impacted Potters Bar.
- Developing a sense of chronology
- Addressing and devising historically valid questions.

Geography

Children will:

- Explain why their local area is special
- Describe different types of local industry and how they have changed over time
- List and locate local public services
- Understand that the location of public services is important
- Describe the importance of community spirit
- Understand how developments can be sustainable

Science

In **Variation** children will:

- Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.

In **Adaptation** children will:

- Identify how animals and plants are adapted to suit their environment in different ways
- Know that adaptation may lead to evolution
- Recognise the use of secondary sources
- Identify scientific evidence that has been used to support or refute ideas

In **Fossils** children will:

- Recognising that living things have changed over time

During the second half of the term, we will be working through the **compulsory Sex and Relationships Curriculum**. More information to follow

Computing

Children will be working with Mr Smith:

- Researching, collaboratively planning and gathering footage to create a group advertisement video.
- Editing, producing and responding to feedback about their group's video advert.
- Finding, writing, editing and combining images/text from a range of sources.
- Working together to publish a yearbook magazine and creating a personal entry to be included.

RE

Children will be:

- Responding to a range of stories, sacred writings, sources of wisdom and authority.
- Reflecting on the impact of sources of wisdom on different communities
- Thinking about how individual and collective responsibility is shaped by faith and belief

MFL

- Children will be working with Madam Elena:
- Revising key French vocabulary learnt in the previous term
- Continuing to develop conversation skills

Music

Children will be working with Ms Andrews fortnightly. By the end of the term they will be able to:

- Recognise changes in tempo
- Effectively use tempo at the end of a song
- Develop texture within solo, duet, trios and larger ensembles
- Increase song bank ideas for music

PSHE

Children will be:

- Taught how to talk about and manage their mental wellbeing
- Recognising and manage different feelings
- Identifying personal boundaries
- Recognising what inappropriate and unwanted contact is
