Dear Parent/Carers,

We are pleased to let you know that we are now using **Doodle Maths** and **Doodle tables** as part of our Maths learning in Key Stage Two.

Doodle builds confidence and ability in maths by creating every child a personalised work programme to support their learning. The children have been given a username and password from their teachers and have started to complete their baseline activities in class. This way the programme can then adapt to suit the ability of your child.

Teachers will be setting their weekly homework on Doodle Maths – this may be in the form of a set assignment or a Daily Doodle. A Daily Doodle is up to 10 questions created by the computer specifically for your child.

Children can complete work on any device at home via the free DoodleMaths app or through the website - [doodlelearning.com](http://doodlelearning.com).

For more information, please scan the QR code at the bottom of the page, to find a letter from the support team at Doodle or feel free to speak to Mrs Romain at school or email [htiller@ladbrooke.herts.sch.uk](mailto:htiller@ladbrooke.herts.sch.uk).

Don't forget to check the school website for updates on all our curriculum areas.

Thank you for your continued support

Yours sincerely,

Mrs Helen Romain
