

## Simon's Rap Dream

Once upon a time, there was a man named Simon who loved rapping. Ever since he was a kid, Simon had been really good at coming up with rhymes and beats. He could rap about anything—trees, birds, the weather, even his breakfast! Everyone in the neighborhood loved hearing Simon rap, and they always cheered him on.

Simon dreamed of becoming a famous rapper, and he practiced every day, hoping to one day get a job doing what he loved most. But there was one problem—his older brother, Luka. Luka was good at many things, but he didn't like that Simon was so great at rapping. In fact, Luka was jealous. He had always wanted to be the one who got all the attention, and now that Simon was getting better and better at rapping, Luka felt left out.

One day, Simon got some exciting news! A music company was holding auditions for new rappers, and Simon knew this was his big chance to finally make his dream come true. He was so happy that he ran to tell Luka the good news. But when Luka heard about the audition, he frowned.

"That's great, Simon... I guess," Luka said, pretending to be happy, but inside he was thinking of ways to spoil things for Simon.

On the day of the audition, Luka decided to sneak into Simon's room and mess with his rap notebook. He thought that if Simon couldn't remember his raps, he wouldn't do well in the audition. Luka hid the notebook under his bed and waited to see what would happen.

When Simon went to grab his notebook, he couldn't find it! He looked everywhere, but it was nowhere to be seen. He started to panic, but then he took a deep breath and thought, "I don't need the notebook. I've been rapping all my life—I can do this from the heart!"

Simon headed to the audition, and when it was his turn, he performed an amazing freestyle rap, coming up with new rhymes right on the spot. The judges loved it! They clapped and cheered, and Simon knew he was one step closer to his dream.

But later that day, Simon couldn't stop thinking about Luka. He knew his brother was acting strangely lately, and he had a feeling that Luka might have hidden his notebook. But instead of getting angry, Simon came up with a clever plan.

That evening, Simon sat down with Luka. "Hey, Luka," Simon said with a smile. "I've been thinking... you've always been so good at music too. What if we teamed up? I think we'd make an amazing rap duo."

Luka looked surprised. "Really? You'd want me to rap with you?"

"Of course!" Simon said. "You've got rhythm, and together we could be unstoppable. We could be the next big thing—The Rap Brothers!"

Luka's jealousy melted away, and he realized that working together with Simon was a much better idea than trying to spoil things. "Alright, let's do it!" Luka said, grinning.

From that day on, Simon and Luka practiced rapping together, combining Simon's clever rhymes with Luka's great beats. Soon, they became famous all over the world as The Rap Brothers, performing on big stages and bringing joy to everyone with their music.

In the end, Luka learned that working together was way more fun than being jealous, and Simon was happy to have his brother by his side as they chased their dreams together.
