

The British Museum

On Wednesday 4th December 2019, Y5/Y6 travelled to the British Museum to learn about Ancient Egypt for their Topic. When we got there we were put into groups, then we set off.

As we set off to see the Ancient Egyptian artefacts the first thing we saw was the Rosetta Stone; it was so big as well as on the Rosetta Stone was the three languages: Demotic; Greek and Hieroglyphics. Next we saw all the Canopic Jars with body parts in them; that were 3000 years old. As well as the Canopic Jars we also saw the statue of Rameses II, it was very tall(the statue was life-size) it looked like it was looking at you.

After lunch we saw the Ancient Egyptians clothes , they were very see-through apparently that was because they were very proud off their bodies. Next we saw the old animals(which were life-size)they were very cool because they had chains on them. Thirdly we saw the tombs...they were disgusting especially the dead bodies, apparently in each tomb there was 3 Scarab Beetles.

I think I would go again and I learnt a lot about the artefacts. I would recommend to go.
