

Back to School by Year 6

Back to school, seeing my friends

Back to school, writing with pens

Back to school, yes ICT!

Back to school, English, Maths and PE

Back to school, seeing your new teachers

Back to school, with all the new features

Back to school, five days a week

Back to school, all the learning we seek

Back to school, early mornings came

Back to school, it will never be the same

Back to school, the teachers are kind

Back to school, exercising our minds

Back to school, back to reality

Back to school, a bit of normality

Back to school, sitting with friends

Back to school, the fun never ends

Back to school, no more virtuality

Back to school, with their great hospitality

Back to school, our parents don't have to fear

Back to school, there are professionals here

Back to school, ready for some learning

Back to school, all the merits we are earning

Back to school, with our tired morning eyes

Back to school, waving to parents our goodbyes

Back to school, loads of learning

Back to school, our knowledge is burning

We've missed this school so long

That's why we wrote this song
