At Ladbroke we will create a safe, nurturing and welcoming environment, setting clear boundaries and leading by example. We will endeavour to build strong links with parents and help children to recognise the part they play in our school and the wider community.

We will deliver a stimulating, creative curriculum which we hope will inspire a love of learning in every child. We will give children responsibility for their learning by providing choices and celebrate their efforts and successes. We will learn and grow together.

Having experienced a wide range of learning opportunities we aim for our children to leave us with a strong foundation for a happy and successful future.

# Parent/Teacher Contact

The partnership between parents and teachers is vital. We are happy to speak to you about your child but please be aware that the start of the school day is not always the best time.

Class teachers are usually available in their classrooms after school, but please bear in mind that on Tuesdays and Wednesdays there are meetings after school.

# Parent/Teacher Contact

If you have any concerns regarding your child, always speak to the class teacher first.

Formal parent teacher consultation evenings are held in the Autumn and Spring Terms.

In the Summer Term, we hold an open evening and written reports are issued

# Uniform

We are proud of our uniform; please follow the guidelines closely.

- No jewellery may be worn except for watches and studs in pierced ears
- Long hair must be tied back
- Please choose black shoes, not boots for all-day wear
- Please ensure your child has wellies for outdoor play
- In the summer term we recommend that no open toed sandals are worn as this can compromise the safety of the children

# What is Tapestry?

Tapestry is a secure online learning journal that we use to share your children's learning experiences with you.

Each family will be given a unique login so you can access your own child's learning journal. You will be able to see what they are doing and make your own comments.

You can also share your children's learning experiences with us too...

# Why add an observation onto Tapestry?

Your children may have extra curricular clubs or engage in activities that would not be available at school i.e. learning to swim, spending time with family etc.

All of these experiences are having a positive impact on your child's development and we can use them as evidence of learning. We can also incorporate them into the planning of learning experiences for your children.

# Accessing Tapestry

If your child is in our nursery your Tapestry account will continue as it is and your login details will remain the same.

If you are new to Ladbroke we will need to set up an account for you.

Please email me as soon as possible confirming the name of your child so that I can set up your account.

My email address is  
[kfriend@ladbrooke.herts.sch.uk](mailto:kfriend@ladbrooke.herts.sch.uk)

Once the account is set up, you will receive an email with instructions to follow in order to set up your account.

# How Can You Help?

We are all aware of how important being involvement in your child's education. **Here is a piece of research which is very interesting.**

**At 7 a parent's influence on a child's learning is SIX TIMES**  
that of their school

\*\*\*

At 12 years old it is still 30% greater

\*\*\*

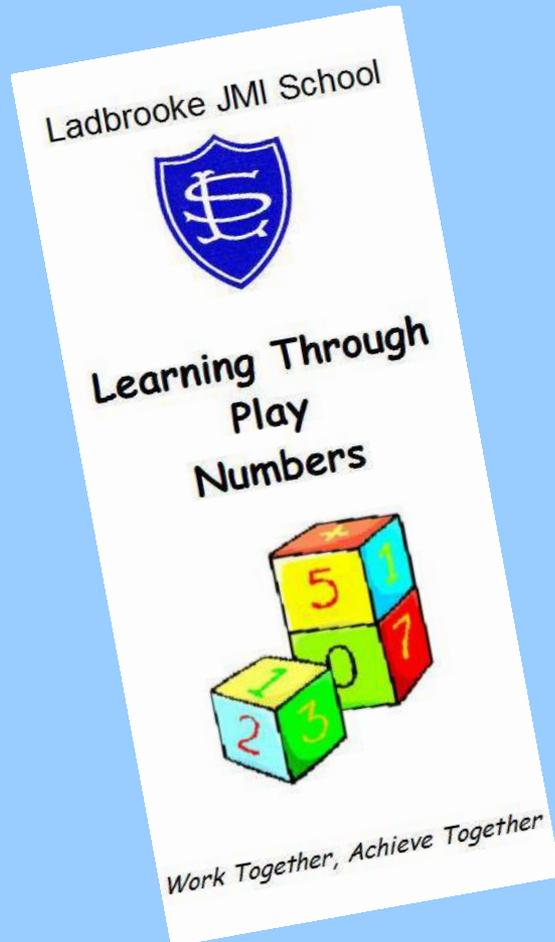

Increased parental involvement can increase achievement by at least 20%

No parental involvement means low or no qualifications at 16
